Epic 3 with its child work items

The screenshot displays the Jira Kanban board for the space 'Kanban_BPS#25'. The board is currently in the 'Backlog' view, showing 3 of 21 work items visible. The 'Epic' sidebar on the left shows the 'Live Session Q&A' epic, which is currently in the 'Scheduling' state. The 'Board' sidebar on the right shows the 'Backlog' view, which is currently empty. The main board area shows the 'Live Session Q&A' epic with its child work items: KBPS-10 (FR-005 - Submit and Upvote Live Session Questions), KBPS-48 (Implement Question Submission), and KBPS-51 (Implement Real-Time Question Voting). The 'Description' sidebar on the right shows the details of the 'Live Session Q&A' epic, including its child work items and linked work items.

Final Kanban board with work distributed across statuses

The screenshot displays the Jira Kanban board for the space 'Kanban_BPS#25'. The board is currently in the 'Board' view, showing 18 work items in the 'To Do' column, 2 work items in the 'In Progress' column, and 1 work item in the 'Done' column. The 'To Do' column contains three parent work items: 'Implement Reviewer Assignment' (KBPS-20), 'Implement Reviewer Assignment' (KBPS-23), and 'Implement Review Recording' (KBPS-26). The 'In Progress' column contains two parent work items: 'FR-001 - Anonymize Submitted Manuscripts' (KBPS-4) and 'Implement Manuscript Upload' (KBPS-17). The 'Done' column contains one parent work item: 'Implement Manuscript Anonymization' (KBPS-11). The board also shows subtasks for each parent work item.
